

# Cartridge Type Filter

## Specifications

- High efficiency in gas removal
- Low pressure drop, energy saving
- Low energy consumption
- Robust and air tight
- Easy assembly
- Standard sizes
  
- Electro-galvanised steel
- Standard gasket for cartridge
- Gas phase media filter
- 145mm outside diameter
- F7 recommended pre-filtration
- 50 degrees Celsius recommended maximum temperature
- <70% recommended relative humidity

## Applications

Each cartridge can be filled with any filtrating media to remove the desired gas such as acids (H<sub>2</sub>S, HCl, SO<sub>x</sub>, NO<sub>x</sub>), bases (NH<sub>3</sub>, amines), VOC's etc.

## Clean Room Filtration and Lighting Technology

TripleAir Technology are suppliers of high quality HEPA and ULPA filtration, ceiling grid systems and luminaires for the clean room industry. We offer fully integrated ceiling solutions for projects and cleanroom facilities.
